

# DOING SPORTS GOD’S WAY – AUDIENCE

## ① Warm up

**WATCH SESSION 5:** Doing Sports God’s Way: AUDIENCE

**Length 4:48:** View at [Nebraskafca.org](http://Nebraskafca.org)

## ② Workout

### KEY POINTS IN THIS LESSON:

- To recognize the impact an audience can have on our performance.
- Understand that who the audience is determines the object of worship.
- To learn how to train to see God alone as your audience of One.
  - What stood out to you in the video? Why?
  - Discuss a time when people in the audience really had an impact on how you played. Why do you think they can have such a big impact?
  - Read 1 Peter 2:9. What would it look like to point to Christ when you compete? How would thinking about playing with Jesus in the audience change how you compete? How would you respond to teammates and coaches?
  - Why should Christians be more concerned with God as our only audience rather than men? (1 Samuel 16:7)
- ■ How can Kurt’s example of “getting into the tunnel” help you turn your attention first and foremost to God? What are some ways we can help train ourselves to do this better?
  - When we say God is to be your only audience that’s not to say you ignore family, coaches, teammates. How does playing for Him first and foremost help you put others in the right perspective? What do you want them to see about you? How can you now better prepare yourself for the big game or when special people are watching you?

## ③ Wrap-up

**Key Point in Lesson:** In view of the cross, our audience first and foremost is Christ. Our actions and how we relate to others on and off the field must reflect that. That is how we worship in competition.

**Music:** Lyrics on reverse side. Download music at [nebraskafca.org](http://nebraskafca.org)

**Use the music to reinforce the truths taught in the study.**

**Key thoughts:** Worship, Just as creation and the Word shout the glory of God, we should live in a way that points people to God alone; emphasis on living for an audience of ONE, a sold-out commitment to living God's way and not man's way, and asking God to use us for His glory alone. Key verse: Colossians 3:23

**SEE THE GLORY**

Like the midnight, When the starlight  
Speaks out your majesty  
Like the mountain, When it's shouting  
the power of the King

Like the pages, Of the ages  
Reveal your plan to save  
Like a Savior, who obeyed for  
The honor of Your name

I wanna do my part  
To tell the world who you are

**see the glory**  
**see the glory of you**  
**see the glory**  
**see the glory of You**

Now my mind is, Undivided  
I live for you alone  
no distractions, only passion  
to let the people know

Light a fire, burn it brighter  
til it's consuming me  
bring refining, redesigning  
so you are all they see

I wanna do my part  
To tell the world who you are

CHORUS
